Scientists Prove Father John's Medicine Is Five Times More Nouris Than Many Common Foods We Eat.

That Father John's Medicine contains a vast store of food value and strength-building, energy-producing elements is established by recent scientific tests. This rich nourishment is in a form which is more easily taken up by the system than the common foods we cat and has many times greater

When a scientist states the food value of any product, he does so in terms of "calories" which he defines as the amount of heat used to raise the

temperature of one gram of water one degree. A teaspoonful of Pather John's Medicine contains 25,715.76 calories. The same quantity of steak contains only 10,714 calories. By these tests also it was proven that Pather John's Medicine is five times more nourishing than an equal quantity of cod fish, seven and one-half times more nourishing than an equal quantity of cysters and simost six times more nourishing than pure milk.

Because it supplies this regishment which you do had alvest from your Because it supplies this nourishment which you do not obtain from your food and supplies it in the form which the system most easily takes up and turns into tissue, muscle, fiesh and strength, Father John's Medicine has had more than sixty years of success as a food tonic for those who are weak and your doors.

It is guaranteed that Father John's Medicine positively does not contain any alcohol or any dangerous habit-forming drugs or oplates. It is a pure and wholesome, nourishing tonic food,—a doctor's prescription, not a patent medicine. Begin taking it today.

Here's A Gentle Laxative For Elderly People=

A daily free movement of the bowels becomes a serious m as you step from middle-life into old age; and much endence can no longer be placed on nature herself. The wels find artificial aid necessary.

The stronger the physic; as old people soon learn; the greater the contraction of the bowels thereafter; and so the wise purposely avoid salt waters; pills and other harsh purgatives. Many have learned to place absolute reliance on the gentle but positive action of a combination of simple lazative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin.

It produces an agreeable movement as nearly natural and free as high pharmaceutical skill can make it. Thousands use it regularly; in the small dose prescribed; and keep themselves in fine health and good cheer; and entirely free from

Industries.

This is a remarkable rate, compared with pure-war time prices, but it is open to the man who is willing and able to work with his hands and relatives turn a reasonable day's work. Surely those of Killingh's idle and able-bodied male population need not be without a well paying occupation in this yayr of strenuous activity.
